

### SILLIMAN IS SAFE, STATE DEPARTMENT IS AGAIN ASSURED

#### Brazilian Minister to Mexico Says Consul was Delayed.

### URGENT INQUIRY ABOUT PARKS

#### Secretary Bryan Wants Huerta to Explain What Happened to Young Private Who Rushed Through Mexican Lines; His Execution Reported

WASHINGTON, May 16.—The three special delegates who will represent the interests of General Huerta in the mediation conference at Niagara Falls, Ont., arrived here shortly after 2 o'clock today.

By Associated Press.

WASHINGTON, May 16.—Further assurances received from the State Department today from the Brazilian minister in Mexico City that American Consul Silliman, who was imprisoned at Saltillo, is en route to Mexico City, but that his arrival has been delayed by interrupted railroad conditions. Latest reports state that he should have reached the Mexican capital last night or early today, but that transportation operations were very uncertain.

Medican Constitutional forces under General Gonzalez, now occupying Tampico, have assured United States Consul Miller that Americans and other foreigners may return to the city and that every consideration will be shown them. Consul Miller reports everything quiet and that the city has been in perfect order since its occupation by the Constitutionalists.

A report from American Consul Courtney, now on his way home from San Luis Potosi, states that no Americans were killed, as far as he could learn, in his district before the time he left but that the railroads were paralyzed, chiefly from lack of fuel, he left the consulate in charge of the British vice consul.

Admiral Harker reported the arrival today at Puerto Mexico, from Tampico of the Mexican gunboats bravo, Zaragoza and the tug Tampico. The cruiser Tezuma and two destroyers are with them.

State Department officials today awaited a reply from the Huerta government to the urgent inquiry made by the Brazilian minister in Mexico City for the release of Consul Silliman. Information concerning the whereabouts of Consul Silliman, who was reported to have been killed, is known that the American as well as General Huerta has been told repeatedly that the consul is alive and that his body has been mutilated and destroyed. Neither, however, had been able to report to Washington the Mexican Government's account of just what happened.

Department officials say they assume Parks met with his death in the manner previously reported. Secretary Bryan declined to make public the text of the letter sent from him to General Huerta, other than to say that they were "urgent."

By Associated Press.

WASHINGTON, May 16.—Tuesday, on the coast of Mexico, between Vera Cruz and Tampico, is in the hands of the Constitutionalists, according to a report to the State Department today from Consul Canfield of Vera Cruz.

Consul Canfield said a part of Spanish refugees arriving in Vera Cruz from Tampico in a launch informed him that the latter had been occupied by the city.

By Associated Press.

WASHINGTON, May 16.—The State Department declared today that all efforts to locate Edward F. Palmer, an American newspaper man, had so far been fruitless but that continued effort would be made by Senator Charles D. McNary.

Reports from Tampico state that a number of men are already on the ground preparing to resume operations.

By Associated Press.

FOURTEEN PARK, May 16.—Before evacuating Monday their final stand on the Mexican National railroad between Piedras Negras and Saltillo, the Federalists destroyed practically all American property in the town, according to a dispatch received today at Piedras Negras.

The message came from General Murda in command of the rebel forces at Saltillo. He also said that the Federalists who lost Monday yesterday were reported to be marching overland to Saltillo to join the garrison there under General Velasco and General Mestas.

By Associated Press.

VERA CRUZ, May 16.—Oliver M. Huerta, correspondent of the London Daily Express, has been expelled from Mexico City, although he was the nearest of a British passport. Three times he was arrested in the capital on the allegation that he was a "notorious American spy."

### VILLA AND ARMY PREPARE FOR ADVANCE AGAINST SALTILO

#### Rebel Leader Organizes Bands and Chances to Keep Up the Spirits of His Men.

HTTOWO, Mex., May 16.—The army of General Villa was busy today in preparation for its advance against the Federal garrison of Saltillo. The men were in excellent spirits. News that a Constitutional party of 300 men had surprised and routed 400 Federalists near Paredon yesterday altered through the ranks, putting the men in good humor.

General Villa realizes the effect of music on the spirits of his men and the organization of bands and choruses has been encouraged. There is a keen rivalry between the men of the different brigades and the badges distinguishing the commands are prominently displayed.

The men are well clothed, but are not meticulously uniformed. There is a sprinkling of khaki uniforms but the greater number wear blue overalls. All wear colored bands or armbands with the name of the brigade on them to distinguish their command. The band of the Zaragoza brigade, said to be the crack organization of the army, is white. This brigade is commanded by Miguel Madero, brother of former President Madero.

### PEACE IN COAL FIELDS

#### Ends San's Troops Bring an End to Helen of Disorder.

TRINIDAD, Col., May 16.—Federal military rule has given the Southern Colorado coal fields the most orderly period of their history. In recent months courts show that the arrival of the United States troops the record of crime and disorder has been far below the average. Not one homicide has been reported in La Animas county during the period of military occupation.

Las Animas and Huacana counties have in the past been fruitful of killings and lawlessness. In recent months are represented in the district. Since the arrival of the Federal troops a condition of almost absolute order has prevailed.

### PLANING MILLS SUSPEND

#### Carpenters Strike Results in Closing Down of 20 Supply Plants.

CINCINNATI, May 16.—Eleven hundred men were thrown out of work by the strike of 20 planing mills today. The strike of carpenters, joiners, painters and members of various trades affiliated with the building trades, will be forced to stop work by next Tuesday as the result of being unable to obtain material.

The mill owners state that plans were closed on account of a recent strike of carpenters that had so far up work that they had very few orders. The strike is in sympathy with the Master Builders Association.

#### Italian Minister Tells Secretary Bryan It Was Transmitted by Ship.

The flag was displayed in front of a ship at the time of memorial exercises for American soldiers killed in World War.

The child was standing a few yards away from his home when the train hit him. The front of the shock landed the body in front of his mother's gate.

### SOISSON ONLY ONE TO REMIT

#### Dispute Over Payment of License Tax for Baseball Park Must Be Settled Quickly, Mayor Says; Ban Is Put on Confetti Throwing at the Carnival.

Active steps toward the collection of the fees that remain unpaid under the license ordinance were begun by the police department on orders of Mayor Martella this morning when Special Officer J. W. Mitchell was directed to notify all amusement places that they would not be allowed to show tonight unless they took out licenses.

No far the Soisson Theatre is the only one to pay up. This leaves five other theatres, but one of these is closed temporarily. The mayor said this morning that they had had two months grace and that was long enough.

A controversy has arisen over who is to pay the license fee for Fayette Field. The license and owners of the field claim that the baseball club must pay, while Manager Mack contends that they all should share alike in the \$10 expense. The mayor intimated today that something would have to be done soon, if there is to be baseball here this year.

Two Italian balloon vendors arrested by Chief Flowers yesterday for selling without a license left \$3 as a forfeit. This morning they called around and asked why they could not sell in the city. The mayor said they would have to be done soon, if there is to be baseball here this year.

An order was made by the mayor today prohibiting the sale of confetti at the carnival grounds. The throwing of this stuff has caused considerable trouble and it was decided to stop it tonight, which will be the big night of the week.

### OBSERVE PEACE SUNDAY

#### Churches Will Celebrate It in Prayer and Song Tomorrow.

A large percentage of the 60,000 pastors to whom circulars have been sent, it is expected, will heed a request to devote prayers and a sermon to the subject.

Peace Sunday is the anniversary of the first Hague conference. With the letters to the pastors was conveyed an "Appeal to the Christian Churches" from the conference of the Evangelical churches of Switzerland inviting a church congress on peace to be held in Europe this year. The Federal Council proposed that the American churches send delegates.

#### Veteran of 70 Years Wants to Wed Young Flunkee.

Dan Cuppl played Theodore Perlow, aged 70, a native of Belgium, and Mrs. Louise Stuntz, aged 22, formerly of Springfield, Ill., a cruel trick when, after he had plied her hearts with the arrow and they had gone to the marriage license office, they were refused a license to wed.

In answer to inquiries by the clerk Perlow said his wife died in the Greene county poor house in 1910. Mrs. Stuntz said her husband had died in 1913. Because of the disparity in the ages and because Perlow's wife had died in the poor house, the clerk refused to issue a license. Both parties live in Smithton.

This is a plot 70 by 140 feet, large enough to accommodate all of the schools that enter. The soil is rich and the results of the contests should be good. Each school will be given a plot 10 by 20 feet and each gardener will be supplied with a blue print showing what to get out and where. The front part of the lot will be transformed into a beauty spot by planting flowers and laying out pretty approaches to the garden proper. The following will be planted: Early and late corn, corn and bush beans, turnips, squash, daisies and tomatoes. Seeds will be supplied from local merchants, the government supply having been condemned by the committee as unreliable.

On Tuesday afternoon the much-talked-of plover contest between aspirants for world championship honors will be conducted by R. S. Matthews and E. T. Lister. One will be chauffeur of a trusty plover and a prancing steed.

Announcement of the details of the contest will be made in the Sunday schools tomorrow and after school on Wednesday afternoon the various teams will meet Secretary Lister at the garden spot, receive their quota of seeds, blueprints and instructions. Each gardener will be required to equip himself with a rake, a hoe and a line at least 30 feet long.

An Englishman, Charles P. First is making blueprints for the use of the contestants.

### ATTACKED BY THUGS

#### Baltimore and Ohio Engineer Beaten Up in a Freight Car.

Attacked by two negroes as he was riding from Cumberland to Connellsville on a freight train, W. A. Mason, a Baltimore and Ohio engineer, was overpowered and robbed of his watch and what money he had in his pockets. He was then thrown from the train near Cooks Mills.

Though badly bruised Mr. Mason did not suffer serious injury and was able to walk to his home at Hyndman. He has notified the police of the attack. The negroes were traced to Glencoe but no trace of them has been found since.

Mr. Mason had been visiting a fellow miller at South Cumberland and he boarded the freight train because he found out it would take him back to Hyndman before the next morning. He did not notice the two negroes in the car until they sprang on him out of the darkness.

### TWO ARE HEAVILY FINED FOR ILLEGAL FISHING

#### State Policemen Bring Suit Against Offenders in Indian Creek Valley; Nets and Traps Used.

That the state police are alert for violations of the fish laws was evidenced yesterday when two prosecutions were brought before Alderman Eugene O'Donovan of the West Side, by Policemen Frank Sturm, who has been deputized a special fish warden and is on duty in the Indian Creek valley. Two other offenders will be given a hearing on Monday and it is said that more cases will follow.

Sturm's friends were fined \$20 and costs for trapping fish in Mill Run, near the Killarney Inn, using a dip net and three rods. The prosecutor charged that he used them on May 6. Sturm's friends were fined \$20 and costs for trapping fish in Mill Run, near the Killarney Inn, using a dip net and three rods. The prosecutor charged that he used them on May 6.

A fine of \$50 was imposed upon John Hart who is alleged to have used a dip net in Mill Run at Killarney on May 6. According to the Act of Assembly under which the case was brought, no fishing is allowed within 400 feet of a lake or dam, unless with a rod. Hart is charged with using a net within 20 feet of the Indian Creek reservoir. He retained R. S. Matthews as counsel and upon his advice gave bond for a five day appeal from the Alderman's sentence. At the expiration of the five days Hart will be arraigned on Monday for using a fish basket at Hutchinson on Mill Run.

They were also arrested by Sturm. Violations of the law in the Indian Creek valley have been frequent. After using a trap the fishermen do not even take trouble to conceal it but leave it on the bank of the stream.

### HEAVY FROST FALLS

#### Vegetation Is Nipped But No Great Damage Has Been Done.

Due to the clearing of the night a heavy frost fell last night, a year to the night from the date of a similar heavy fall. It is reported to have done little damage. The only reason advanced for the frost is that it occurred in the dark of the moon, which for some unknown reason is claimed to make it harmless.

The lowest temperature recorded here was 35. In Lowville, Tenn., where it was reported, ice formed on the ponds. It was not thick enough for skating, but it was ice nevertheless.

An evidence that the frost is not doing great damage is the fact that tomato plants, which are especially susceptible to low temperatures and frosts, are growing nicely.

These late frosts do not establish any records, records say, for on June 10 last year there was a frost that completed the damage to fruit trees caused by those of earlier in the spring.

### POLICE DISPERSE MOB.

#### Women Who Surround Factory Carried Off by Officers.

WAKEFIELD, Mass., May 16.—A large crowd which had gathered today near the furniture factory of the Heywood Brothers & Wakefield Company, the scene of rioting yesterday and last night, was driven from the streets by the police.

The borough cleaned the streets and the property owners and tenants cleaned their premises at their own expense. All rubbish was hauled away and lawns were mowed and beds of flowers were planted.

### PRIMARY DISCORD THIS YEAR SEEMS ALL DEMOCRATIC

#### Republicans Again United While Democrats Are Badly Split.

### BULL MOOSE MELTING AWAY

#### Factional Differences Within the Democratic Ranks Means a Divided Party at the Polls Next November; Patronage Grant Causes Breach.

Intense interest is being exhibited in the approaching primaries, which will be held next Tuesday. No matter what the outcome may be, the Republican party will present a practically united front at the polls next November. In striking contrast is the condition within the Democratic ranks, where the leaders now in control face a split more serious than that which divided the Republicans in 1912.

There was never a more harmonious spirit prevailing among the rank and file of the Fayette county Republicans than that which exists this year. Enrollment figures show that virtually all of the voters who voted two years ago have returned to stay. The Bull Moose party was tried by the progressive element in the Republican party and it was found wanting. Its strength is dwindled until it is no longer a factor.

That the voters will endorse the Wilson administration is seriously doubted. Regardless of sentiment elsewhere, however, the revolt against the leadership of Bruce P. Sterling, personal representative in the county of A. Mitchell Palmer and other Wilson leaders, has assumed such serious proportions that the party leaders are in a panic. They are bending every effort to carry the county for Palmer and McCormick for Senator and Governor, and are fearful that the strength developed by Michael J. Ryan of Philadelphia may prove disastrous to their plans.

The distribution of Federal patronage in the county has caused widespread discontent among the Democrats. Men who had been faithful to the party throughout the last year have been ignored and alms were furnished by the party. The exception the appointments made by the Sterling machine have gone to personal friends and adherents. Several "patronage" appointments have been deliberately held up until after the primary and are being used as a club to whip recalcitrants into line.

There is only one serious contest among the Republicans at the polls next Tuesday. There will be a sharp fight over the Legislative ticket in the Second district. In the First district, R. L. Lynch of Redbank township, Duncan Sinclair of Brownsville township, Victor E. Francis of Jefferson township and George E. Sutton of Uniontown.

State Senator W. C. Crow is a candidate for re-election. His opponents are E. D. Brown, a Uniontown attorney, and J. W. Dawson, a Bull Moose. The two latter gentlemen have been making an active personal campaign. Crow's nomination by a large majority is conceded. The opposition to him is not taken seriously. There will be a contest for fighting among the Democrats on Tuesday.

Attorney E. C. Higbee of Connellsville has no opposition for the nomination of state senator, he being one of the few of his party to have a fight in the preliminaries. There will be a hard fight in the Second legislative district. Efforts were made by the Sterling machine to sidetrack the three assemblymen who served so loyally during the last session. Without exception the three have cast their votes for the race and all are seeking the nomination. They are Harry Cochran of Dawson, James J. Keegan of Evansburg and Reuben them are H. A. Cram of Brownsville, George B. Jeffries of Uniontown and John L. Ketter of Dunbar township. No matter how the fight ends, it will leave sore spots that will take a long time to heal. Charles C. Goss was permitted to run again in the First district and has no opposition.

A fight is being made over the efforts of Sterling to elect Frank M. Semars, Jr., to the state committee. Friends of Willard Griffin attack Semars' loyalty to the party and declare that he has worked for Republican candidates from time to time. Griffin seeks election to this office on the strength of having been loyal to the party, while Sterling, McGinnis and Lowery were fighting with Colonel Cluff, whom they now profess to oppose. Griffin's friends declare that orders have been sent out from Harrisburg by the Palmer-Sterling machine for the voters to line up for Semars. It is charged that the Sterling machine is sending to voters of the county the "slate" for which it demands support.

The Congressional fight in the district is quiet. Robert F. Hayswood, Republican, Wanda N. Carr, Democrat, and Charles F. Hood, Bull Moose, have no opposition for nomination.

The polls will be open for the primary election between 7 A. M. and 7 P. M. The voters to be done at the usual polling places. Under the law, each party voter will be entitled to

SATURDAY EVENING, MAY 16, 1914.

**THE PRIMARY ELECTION.**  
The primary election is usually all over but the voting on the "Saturday before," but this year there seems to be some doubt about Democratic results owing to a determined revolt against the Barefoot state.

The Barefoot state is a barefoot attempt to coerce the party voters. It has reached the proportions of printed instructions sent out from Harrisburg with the endorsement of Washington. The Unimac-McCormick organization is being personally backed by President Wilson. It is not consistent with his dignity to come into Pennsylvania in person, but he has dispatched his Secretary of State and his Secretary of Labor to stomp the state and put the stamp of his official approval on the new Democratic machine, this in return for its steadfast support in the Baltimore convention.

These methods are so completely at variance with Democratic traditions, which have always sought to preserve the freedom of the primaries in the end that there could be no reasonable excuse for not supporting the nominees, that large numbers are flocking to the support of Fresh in order to vote their protest against such open and arrogant bossism. After being taught for years that the most precious sin of Republicanism was its alleged boss methods they find it hard to understand why such methods are openly and insolently pressed down even as a Crown of Thorns upon the fair brows of the Star-eyed Goddess.

It is charged by a Republican candidate that there is a Republican state in Fayette county, and this charge is echoed by the Barefoot organs, which naturally prefer to talk about Republican states rather than about Democratic ones. Candidate Brown, who wants the nomination for State Senator, says that Senator Crow has a slate upon which is written the names of himself and of Horton, Smith and Sinclair. Legislative candidates, Crow will, of course, be excused for being for himself. It is not apparent that he is for anybody else quite as earnestly. If he has a slate, he certainly has not published it.

One thing is certain. The Republican party this year is the strongest nominee it can secure. Republican leaders are using what personal influence they have in this direction, but they are not attempting to dictate to the voters as the Democratic leaders are. In Fayette county Senator Crow is the Chairman of the Republican State Committee, who is a candidate for re-nomination, has permitted his opponents to do all the speaking. He has not replied to them or to the foreboding impudently higher for the purpose of discrediting him personally and politically. His position has been a defeat one. But his strength is now composed of a solid confidence which says that the position to him has never been serious.

The judicial portion of the ticket being strictly non-partisan is being considered from a geographical rather than a political standpoint. Judge Robert S. Tracer will be a Fayette county favorite for the reason that he is a very able jurist and a near neighbor.

In the meantime, Connellsville voters will not overlook the fact that in order to make progress this year with the city movement there will be a bond issue to vote for at this primary election. The matter has been thoroughly analyzed in these columns and has the unqualified approval of the press and the people generally. In justice to the council and to the citizens themselves there should be a full vote on this question. The fuller the vote the more emphatic the majority will be.

Colonel Craig has the endorsement of the Washington Observer. Bull Moose organ of Washington. There is really no good reason why "Bull" Thompson shouldn't have the same hearty acknowledgment of decency and honesty from the Bull Moose organ of Fayette county.

Editor J. D. Donnell recalls the state smasher of 1904, but perhaps not with pride. It will be remembered that he held the frame.

Connellsville enjoyed the excitement of a genuine buffalo hunt this week. When it comes to real sport, Mud Island every now and then sets a new high record.

The city authorities have begun the work of putting up the stream none too soon. Some of our thoroughfares are in a condition to invite damage suits.

Confidence is about to get the automobile hold. Turkeyfoot has been in the forefront of civilization ever since white men first broke into the western wilderness.

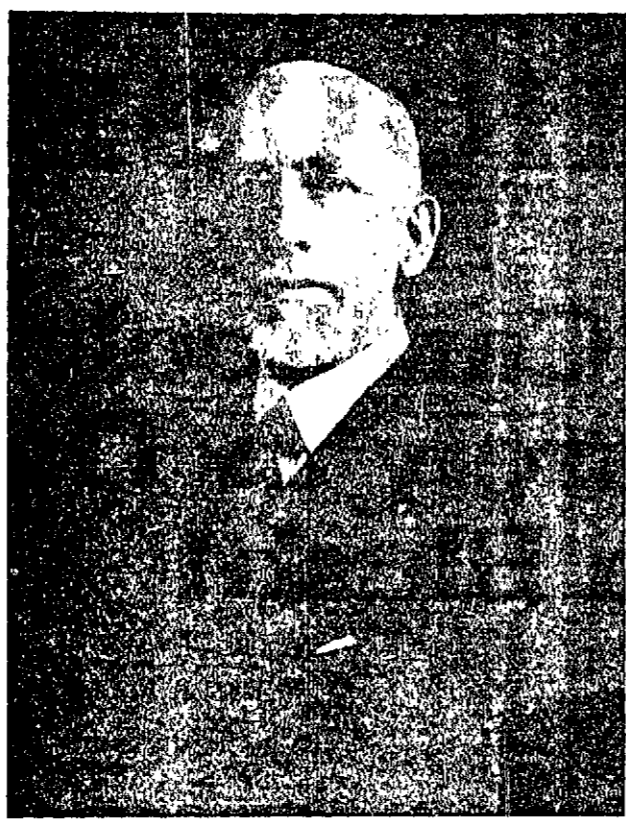

Dutch bottom may have a homely sound, but the playground will sound as good to the Connellsville children.

Mothers' prayers for Fayette county are on the way.

The Hon. Joe Cook is from Missouri, and he doesn't like to take orders, but he will have to get used to it if he works for the Wilson administration.

The spitting ordinance is to be bludgeoned, and after that if you spit in the presence of the policemen you're it.

## Robert F. Hopwood of Fayette County Republican Candidate for Congress

Robert F. Hopwood of Uniontown, Fayette county, Pennsylvania, is a candidate for the Republican nomination for Congress in the 29th Congressional district. He has been an active and influential Republican for many years and his candidacy at this time appears strongly in all those who believe in true Republican principles and leadership. He is so well and favorably known that it is almost unnecessary to make any extended comment upon his life or his candidacy. Mr. Hopwood was born in Uniontown, Pa., July 21, 1856. He is descended from one of the old and leading families of that community and has a large and respected family connection. After completing his early education he studied law under the preceptorship of the late Hon. Charles D. Boyle, was admitted to the bar July 29, 1879, and has always enjoyed a good law practice and ranked high in the profession. In 1891 he was elected collector for the county commissioners of Fayette county and continued to hold that position until 1912 when he declined re-election. During that period the county had much in port and complicated legal business and Mr. Hopwood handled it with great ability and success. He has ever been actively identified with all movements for the betterment and betterment of the community. When the Fayette County Agricultural Association was organized and active, Mr. Hopwood was closely associated with the late Jasper M. Thompson, Robert H. Scott and Dr. Smith Miller in the start on a system of stock raising and various other methods and procedures. Educational and social work has endeavored to make Fayette county a better place for ten years he was a member of the Uniontown board of trustees of the Uniontown Hospital Association for seven or eight years and is now president of the board.

## THE RHINOCEROS.

By GEORGE FITCH.  
Author of "At Good Old Slaw."

The rhinoceros is an armor clad animal, which frequents the plains and mountainsides of Africa and is always in commission ready for battle.

There is no such thing as peace with the rhinoceros. He declared war against everything several thousand years ago and has been conducting hostilities ever since. When he discovers smoke on the horizon, he doesn't wait to see whether it is from a friend or foe because he hasn't any of the former. He puts his head down with an explosive snort and wades in at full speed.

The rhinoceros is armed with one or two long sharp horns which stick

"Definitely Catching Him As He Comes Down."

straight up from his snout in a manner which would irritate any one who had to wear them. After he has caught a stranger in one of his horns the charges he dearly loves to insert his long horn into and stranger and look him in the eye, definitely catching him as he comes down on the other

Mr. Hopwood has been prominent in church work for many years; he has been superintendent of the Sunday school of the First Methodist Episcopal Church of Uniontown for the past 27 years is president of the board of trustees of that church and the chairman of the building committee that is in charge of the work of erecting the fine new church edifice.

For several years he was either secretary or chairman of the Republican County Committee of Fayette county, and during the Wallace campaign when he was chairman he caused to be organized the first Irish Republican club ever organized in Fayette county. It was largely due to his enthusiastic and energetic efforts that year that the large Democratic majority for which the county was noted, was reduced to a few hundred, and the Republican party was organized and encouraged that it soon became the majority party in the county.

In 1894 Mr. Hopwood was the unanimous choice of the Republican Fayette county for the nomination for Congress in the old 24th Congressional district composed of Fayette, Greene and Washington, and a part of Allegheny county. The conference system was in force at that time and by a combination between Washington and Allegheny counties the district nomination went to Hon. E. P. Achenson, who was elected.

Robert F. Hopwood has always been at the will and service of his party at the polls and on the stump, but has never been asked to be any of the party funds or factional contests and had the good will and confidence of all those who desire to see the Republican principles. His nomination and election to Congress at this time will not only be a just recognition and reward for the services he has rendered the people and his party, but he will make a clean, able and faithful representative for this important district. He has no opposition for the nomination, but we present this sketch of him at this time in order to place him and his qualifications before the voters of the district.

# REPUBLICAN CANDIDATES FOR LEGISLATIVE NOMINATIONS

**LEE SMITH.**  
One of the most popular and best known men in Fayette county is Attorney Lee Smith. His early life was spent at Chillicothe where he laid the foundations for his future successful career by hard work, providing the closest scrutiny and employing all his spare moments in study he succeeded in preparing himself for a career. He spent several years working in the Baltimore & Ohio offices at Chillicothe and Uniontown and, a wide acquaintance and many old friends among the railroad men. He has been teaching school in Somerset county in the fall of 1882. In 1884 he taught at Chillicothe in this county. He continued to teach at different places in the county until 1891 when he was elected principal of the Uniontown public schools. He held this position until 1897 when the office of City Superintendent was created and he was elected to this position and held it until 1902, when he resigned to enter the office of Cooper & Van Swearingen to take up the study of the law. He was admitted to the bar in 1903 and soon acquired a good law practice.

Lee Smith's life has been spent among his and is an open book. He has announced his candidacy for legislature in the Second District of this county and it is the first political office for which his name has ever been presented. The pleasure and commendation expressed on every hand concerning his candidacy must be very gratifying to him and his friends. His life's record is the only one among any person needs that it is not only a record of his life, but a record of his life's work, and a record of his life's struggle and with support only such as nature will give for the moral and material welfare of the people.—Adv.

**DUNCAN SINCLAIR.**  
Duncan Sinclair, of Brownsville township, has announced as a candidate for the nomination for legislature in the Republican ticket in the second district. He is one of the popular hunting young men of that township and a member of the Brownsville club. He is a native of Brownsville, Pa., and was born at Chillicothe, Pa., on January 12, 1874. When but five years of age the family took up their residence in the city of Philadelphia. He received a liberal education in the schools of that city and then learned the business of a plumber.

When the Spanish-American War broke out he offered his services to the military occupation of the island and was honorably discharged from the service on February 14, 1898. In 1901 Mr. Sinclair took up his residence at Brownsville and has since then been a resident of that place. He was elected a member of the Brownsville township school board five years ago and has been the president of the board ever since. Last fall he was elected a director for the term of six years. The first new school building erected in the county, and it is believed in the state, after the new school code went into effect was in Brownsville township and is named the "Sinclair School" after Mr. Sinclair. He is a member of the Episcopal church. Since locating at Brownsville he married Miss Louise Sawyer, a daughter of Jacob Sawyer, who for almost half a century was one of the leading merchants of that place. They have three children.

There is no other Republican candidate from that section and as there are three candidates to nominate for the legislature he claims to be one of the places and as a result of Mr. Sinclair's candidacy. His election will not only be a fitting tribute to the party, but of the working men and the young soldier boys—with whom he is in high favor.—Adv.

**D. HARRY HORTON.**  
There are three candidates to nominate for the General Assembly in the Second District of this county. The thousands of Republican voters of the Young region are entitled to a place on the ticket and they offer as their candidate D. Harry Horton of Conneltsville. Mr. Horton is a young man, who by his energy, industry and force of character has established an enviable record wherever he is known. Born in Huntington county, this state, October 16, 1877, his parents removed to Ursina, Somerset county, when he was but three years old. They resided there two years when they took up their home in Stewart township, in this county. D. Harry Horton was educated in the public schools of that township, attended the Normal School at Chillicothe and so bright and prolific was the boy in his studies that at the age of sixteen he was employed as a teacher in the public schools in his home township. He continued to teach for three years, saved his money and then entered Dufr's Business College in Pittsburg, graduating in 1897.

After graduating he was employed as general manager of the Near Creek Lumber Company at Friendsville, Maryland, which position he held for four years. For the past eleven years he has been the traveling salesman of the Kendall Lumber Company and, or six years has been assistant secretary of that company. His long service in responsible positions with that handling concern speaks well for the character and ability of Mr. Horton. His business brings him in close touch with the business interests in this section and has given him an intimate knowledge of the people and the needs of the district. He is married and has three children. He has been a member of the Methodist Episcopal church for the past eighteen years and enjoys the esteem and respect of all his large circle of acquaintances. His candidacy for the legislature of the Young region and the district have a man whom they can support with enthusiasm and confidence.—Adv.

**MOUNT PLEASANT.**  
MOUNT PLEASANT, MAY 16.—A large number of people attended the performance of the "Crown and Cross" at the local church last night.

The Conneltsville Club held one of their regular games in the Dunk & T. at Conneltsville, Pa., last night. The game was a close one, the home team winning by a score of 10 to 9.

Mr. Warden has undergone a successful operation at the Conneltsville Hospital.

Frank Ellis of Wilkensburg, in the event of the father James Ellis, the Conneltsville who recently graduated from the Pittsburg Theological Seminary will preach for the local United Brethren on next Sunday.

## FAYETTE TO SUPPORT HER HONORED NATIVE SON

**HON. ROBERT C. FRAZER.**  
Hon. Robert C. Frazer, Judge of the Court of Common Pleas of Allegheny county, Pa., is a candidate for nomination as Justice of the Supreme Court of Pennsylvania.

Mr. Frazer was born in Fayette county, President Judge of Common Pleas was admitted to the bar of Meigs county, Pa., in 1875 and there elected without opposition in 1894 and 1900. He was elected to the office of Judge of the Consolidated Court of

Common Pleas of Allegheny county in 1912, which position he now holds. The esteem in which Judge Frazer is held by the judges and lawyers of his own county is best expressed in their words: "We who know him best, who have been most closely associated with him as judges and lawyers, do not hesitate to inform him as qualified for the high position for which we have suggested him. His experience as a judge has been great. Some of the most important cases in the history of litigation in Allegheny county have been tried before him. He has never failed to assume the burden of any duty or responsibility which has been laid upon him and to carry it willingly and well. His decisions as a trial judge have won him the greatest confidence of the judges of the Appellate Court, of his associates on the bench, and of the lawyers who appear before him. He has the serenity of mind and unbrokenness of judgment in him that permit him to hear and render a patient hearing of even upon appeal. His administration has been so impartial, so absolutely just and judicial, that there is never been the slightest criticism. He is the embodiment of judicial fairness and dignity, seeking neither friend nor foe, but directing his attention only to the controversy before him.

The esteem in which he is held by the people whom he has served is indicated by the numerous comments: A judge of high ideals, clear vision and indomitable integrity—dispassionate and impartial—worthy of the highest respect and confidence of the people and chambers to try the people, their institutions and their state.—Gazette Times.

His learning in the law is equal to the powers of judgment, and his powers of judgment are not exceeded by his unfailing courtesy and his spotless integrity.—Times.

A lawyer of profound learning and a man of high ideals, he combines in himself qualities fitting him peculiarly for high responsibility to which he is proposed to advance him.—Chronicle Telegram.

A large number of the members of the bar of Fayette county have endorsed his candidacy and tendered him their support. The people of Fayette county generally will take great pleasure in supporting one of our native and honored sons.

## Orders From Harrisburg to Support Sterling-Lewellyn Slate Cause Resentment

From Harrisburg the McCormick-Sterling-Lewellyn combination is making to Fayette county Democrats the following attempt to dictate how they shall vote:

**IMPORTANT TO FAYETTE COUNTY DEMOCRATS.**  
"The character of the Democratic State Convention held in Harrisburg, Pa., on May 10, 1914, was such that the members of the Democratic State Committee make it. Therefore, State Committee should be active, industrious and integrity, and ability and integrity.

"The State Committee-men, under the rules, elect the Democratic State Chairman, thereby being responsible for the character of the State organization. Two State Committee-men are to be elected on May 15th from Fayette county, and each Democrat has a right to vote for two members of this committee from Fayette county, and 'TO' maintain the integrity of the present Democratic State organization, should vote for:

**ABRAM O. BIXLER.....(X)**  
**FRANK M. SEMANS, JR.....(X)**  
"Take no chances on any other."

"These men, Bixler and Semans, are in sympathy with the Wilson administration of the State. Bixler is one of the leading Democrats of Conneltsville, Pa., recently elected City Controller.

"Frank M. Semans, Jr., is a popular young Democratic banker of Uniontown, Pa. His friends are the men who are backing the two Democratic papers of Fayette county. They are trying to build up the party in the county and the State. Beware of candidates put up by party wreckers. Bixler and Semans are for the Wilson organization and the men who are trying to build a better and truer Democracy in Pennsylvania."

This comes in the form of an anonymous circular containing the "slogan" for every office in the state, including the non-partisan offices of Supreme and Superior court judges.

This attempt to give orders is an insult to the intelligence of Fayette county Democrats.

They know the record of Frank M. Semans, Jr., as a Democrat.

They also know the record of William A. Griffin, the candidate left off the slate.

**THE CONVENTION.**  
The parade of the members of District Seven of the Westmoreland County Sunday School Association held Friday evening was the most successful one of the similar demonstrations yet held in Scottdale. The parade was headed by the Grand Army band and carried from the Methodist Episcopal church, where the convention was held afternoon and evening, went down Mulberry street, on Chestnut street to Market, to Mulberry and back to the church. While there were several hundred men and women in the parade, there were hundreds of other Sunday school and church people who stood on the sidewalks and watched the march so hot. The supper served at the church was a great success from point of attendance, the menu, and the inspiring speech of Attorney John C. Sibley of Greensburg, who is the president of the county association, superintendent of the Presbyterian Sunday school in his home town, and one of the best speakers on Sunday school work, in the opinion of many Sunday school workers, in Western Pennsylvania. Mr. Sibley is at home in telling the Sunday schools what they can do for the genius of leadership in his own school, and what he tells has been worked out personally and tried. There were a number of other speakers. Rev. J. J. Funk, Rev. J. L. Updegraph of Mount Pleasant, Dr. I. E. Rank, P. W. Shupe, Rev. George Grant of Tarr, Dr. H. D. Allen and J. E. McCormick of Pittsburg.

WRIGHT-METZLER CO.

# HERE'S WHAT IS MEANT BY *Superior* BEING AN ACTIVE MAN'S CHOICE OF UNDERWEAR

Are modeled for stout and slim figures. Prices: kinds

—They are made of knitted cotton, lisle and silk-and-lisle; and of cotton crepe, barred and striped madras, plain and checked dimity and plain silk. Fabrics are of the best quality, perfect in weave, soft textured and good for more than a season of average wear.

The knitted suits are in four styles: Athletic (no sleeves, knee lengths, loose fitting); quarter sleeves, knee length; quarter sleeves, ankle length; long sleeves, ankle length. The fabric suits are athletic style.

SUPERIOR Union Suits make good their claim to comfort and superiority of material and making. They surpass most union suits in the construction and placing of the flap in the back. It is cut big; shaped purposely and put in place with precision. The flap is the mainstay of SUPERIOR union suit comfort. Another feature distinctively SUPERIOR

is the modeling of the garments. Sizes are proportioned for stout and tall, slender wearers, as well as for men of regular build.

In the matter of fit, tailoring, texture goodness and good looks, SUPERIOR union suits rank with the best on the market today.

**SUPERIOR UNION SUITS, \$1 TO \$3.50**

**GOOD UNDERWEAR FROM THE MAKERS OF B. V. D., POROSKNIT, SCRIVENS, COOPER AND OTHERS OF NOTE**

Wright-Metzler's is distinctly the store of BETTER fashioned, BETTER grade underwear for men. The assortments are largest in town and most varied.

Every line we handle has some particular merit: the elastic seams in the Scrivens suits; the closed crotch in Cooper's garments; the open mesh of Porosknit underwear; the wearing quality and roominess of B. V. D.'s, and the perfect weave of the Balbriggans. Sizes are for men and boys.

**B. V. D. UNION SUITS, \$1.00; SEPARATE PIECES, 50c and \$1.00.**

## Sale of 9 x 12 RUGS

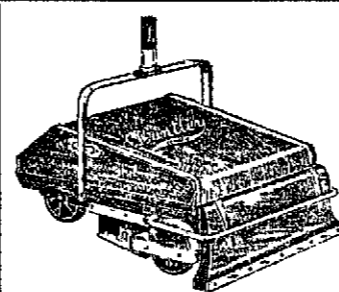

Perfect, best quality, neatly patterned body Brussels, Axminster and Tapestry Brussels weaves. Each rug came from a reliable mill and their savings over regular prices makes this an uncommonly attractive offering.

Patterns are floral, Oriental and small figure and block designs. Colorings are mixtures of red, green and tan; the soft tones, and the cheerful hues.

The rugs are under value to us--and to you--because they represent a synthetic purchase. This store holds membership in a body of rug buyers who deal in quantity lots direct with the mills. Sometimes a whole output is taken over and distributed among the nearly one hundred stores represented.

These low prices are the result of a mill purchase in which we shared. We vouch for the quality and service of each rug.

### THE DUNTLEY SWEEPER

is efficient, compact and handsomely finished in mahogany shade.

It is simple to operate and not likely to get out of order.

A child can operate it as effectively as a grown-up.

It removes dust and dirt and picks up lint, match sticks and like things.

No other hand-power sweeper will do as much, as well, in as short time.

Last year the Duntley sold at \$12.00. The price

## FOODS of QUALITY

Without quality, foods are wasteful. They are poor in food value, of uncertain purity and cleanliness and extravagant. Food stuffs are subject to cheapening process as well as other merchandise. Know your store! Here, we have **QUALITY** foods priced as low as it is possible to get them. They are cheapest in the long run--the quantity goes farther than an equal amount of some we could get to sell for a few cents less. Today:

## MAY UNDERMUSLINS

The May sale of muslinwear is going along briskly. The number of different styles has never been so great here, or elsewhere in town; nor have we had as many novelties before.
